EXPERIENCE

Planned Parenthood

Senior Front End Developer

Apr. 2021 - Present | New York, NY

- Customize and enhance the CMS system for over 600 health centers nationwide
- Optimize data analytics, SEO, accessibility and load speed with coding best practices
- Collaborate with other developers, designers, PMs, and stakeholders to meet project goals on new website features and enhancements

Front End Developer

Jun. 2018 - Apr. 2021 | New York, NY

- Built various new features, including Abortion Service Locator, Voter Guide ('21 Webby Award Winner), Tracking Trump, based on wireframes and designer requirements
- Ensured scalability of front-end elements by optimizing them for loading speed and performance

New York Film Academy

Junior Front End Developer

Jan. 2017 - Jun. 2018 | New York, NY

- Maintained and developed various websites, Wordpress sub-sites, and landing pages
- Fixed bugs and optimized responsiveness and functionality
- Worked in a cross-functional team for web updates, email development, and web projects

Hobby World Marine

Supply Chain Manager

2015 - 2016 | Little Ferry, NJ

- Redesigned the purchasing schedule to be more cost-efficient. Conducted weekly meetings between purchasing and manufacturing location. Purchased all manufacturing materials from vendors. Collected and documented invoices.

Bigfly, Inc.

Research Assistant

2014-2015 | Secaucus, NJ

- Researched and established new wholesale accounts for the second largest FBA e-commerce company on Amazon. Created purchase orders, based on rank, cost, and retail price

EDUCATION

Startup Institute — New York, NY

Web Design Track — 2016

Participated in an 8-Week intensive web design/front-end development program. Coursework included HTML, CSS, JavaScript, jQuery, best practices for responsive design, user research, wire-framing, mockups, and prototyping.

Montclair State University — Montclair, NJ

Bachelor of Arts in History — 2014

Concentration in modern US history, Minor in Psychology
